PROFESSIONAL SUMMARY

Dedicated ICT Specialist and Cybersecurity student with 6+ years of hands-on experience in IT support, hardware/software maintenance, network troubleshooting, and data management. Currently pursuing a Diploma in Cybersecurity at UCAS while actively volunteering with the Palestinian Red Crescent Society (PRCS). Holds ICDL Base certification, multiple Cisco Networking Academy certifications, and has built professional tools used in real IT environments including ProLaptop Ultimate — a 96-tool Windows maintenance and cybersecurity framework.

PROFESSIONAL EXPERIENCE

ICT Specialist (Volunteer) — *Jan 2024 – Present*
Palestinian Red Crescent Society (PRCS) — Khan Younis, Gaza Strip

- Provided direct and remote technical support, resolving system and network-related issues efficiently.
- Contributed to maintenance and management of IT infrastructure, ensuring continuity of daily operations.
- Performed troubleshooting for hardware and software malfunctions across multiple departments.
- Assisted in implementing information security procedures and policies to protect institutional data.

Data Entry Clerk (Volunteer) — *Jan 2024 – Present*
Palestinian Red Crescent Society (PRCS) — Khan Younis, Gaza Strip

- Accurately entered and managed data in databases and spreadsheets with high precision.
- Organized digital records to ensure integrity, accessibility, and compliance.
- Conducted data verification and quality checks to minimize errors across all records.

IT Technician & Programmer — *Jan 2019 – Present*
Self-Employed — Pro Laptop — Khan Younis, Gaza Strip

- Performed advanced maintenance and programming for smartphones and computer devices.
- Diagnosed and resolved hardware and software issues for individual and business clients.
- Built ProLaptop Ultimate v3 — a comprehensive 96-tool Windows maintenance & cybersecurity PowerShell framework.
- Designed promotional materials and infographics using Canva for multiple clients.

Emergency Vaccination Campaign Worker — *Sep 2024 – Oct 2024*
UNICEF — Gaza Strip

- Participated in the national polio vaccination campaign across Gaza Strip.
- Managed logistics and coordinated with local health teams to ensure smooth field operations.

Security Guard (Volunteer) — *Sep 2023 – Dec 2023*
Palestinian Red Crescent Society (PRCS) — Khan Younis, Gaza Strip

- Ensured safety and security of premises and assets throughout all shifts.
- Monitored entry/exit points and responded to security incidents following established protocols.

EDUCATION

Diploma in Cybersecurity — *Jul 2023 – Present*
University College of Applied Sciences (UCAS) — Gaza Strip

- Key courses: Network Fundamentals, Cybersecurity Principles, Operating Systems, Information Security.

High School Certificate *2022*
Haroun Al-Rasheed High School Gaza Strip

PROJECTS

ProLaptop Ultimate v3.0 *2019 – 2026*
PowerShell & BAT — Professional Tool github.com/mahmoud-kullab/ProLaptop-Ultimate

- Built a comprehensive Windows PC maintenance and cybersecurity framework with 96 tools across 7 categories.
- Categories: Power & Performance, System Cleaning, System Repair, Network & Internet, Cyber Security, Diagnostics, Advanced.
- Features: automatic SSD/HDD detection, restore point creation, session logging, error handling, admin verification.
- Used professionally for client PC maintenance under Pro Laptop business, Khan Younis.

Library Management System *2026*
Java — Personal Project github.com/mahmoud-kullab/Library-Management-System-Java

- Built a Java console application using OOP principles (classes, encapsulation, ArrayList).
- Implemented full CRUD operations: add, search, borrow, return, and delete books.
- Added input validation and exception handling for a smooth user experience.
